PROFESSIONAL SUMMARY

Third-year B.Tech (AI & Analytics) student with hands-on experience building full-stack web applications and data dashboards in startup and internship environments. Proven track record of delivering AR-powered products, real-time data platforms, and Power BI solutions. Passionate about applying AI and software development skills to solve real-world problems; active contributor in hackathons and technical challenges.

EXPERIENCE

Software Development Intern | InnoBytes Technologies | Pune *May 2025 – July 2025*

- Built an AR-powered virtual try-on web application for luxury products using React.js and WebXR
- Developed responsive UI with Tailwind CSS ensuring cross-browser compatibility across devices
- Deployed application on Netlify with optimized performance and load times

Power BI Intern | MaSyCoDa Solutions Pvt. Ltd. | Nagpur *June 2025*

- Developed interactive data visualization dashboards using Power BI for business reporting
- Collaborated with team members to translate raw data into actionable visual insights.

PROJECTS

Luxury AR (ARTEVO)

- Developed an AR-powered virtual try-on web application
- Built responsive UI with Tailwind CSS ensuring cross-browser compatibility
- Deployed on Netlify with optimized performance across devices

LegalMate

- Developed a role-based web application using Node.js, JavaScript, and MySQL
- Designed user-focused interfaces to simplify and streamline legal workflows

SHUNYA – Carbon Monitoring Platform

- Built a real-time carbon emission monitoring platform using Python, React.js, and MongoDB
- Implemented emission tracking and scalable data handling for environmental analytics

EDUCATION

MIT-ADT University – Pune Expected 2027
Bachelor of Technology, Computer Science (AI & Analytics)

Prerna Junior College – Nagpur 2023
Science Stream

Prerna Public School – Nagpur 2021

SKILLS

Programming Languages: C, C++, Python
Web Technologies: HTML, CSS, JavaScript
Databases: MySQL
Data Visualization: Power BI
Tools & Platforms: Git, GitHub, VS Code
Concepts: Data Structures & Algorithms

ACHIEVEMENTS

- Senior Trek Leader at MIT Adventure Club
- Coordinated a college-level triathlon event at MIT-ADT University, managing logistics, registrations, and execution
